Division 89 President's Forum

If I had to use one word to describe Division 89, it would be "outstanding teamwork". OK, that's really two words but you all have earned the adjective. I'm in awe every day as to what this division brings to the table while supporting the Air Force Sergeants Association and you make my job as Division President so much easier.

This division was highly recognized again at the AFSA Professional Airman's Conference because of the teamwork you all demonstrate on a daily basis. Our division was recognized with the following team awards for 2011:

- AFSA Chapter Auxiliary Newsletter of the Year, Chapter A804
- AFSA Chapter Website of the Year, Chapter 872
- AFSA Community Service Award, Chapter 872
- AFSA Legislative Award (field), Chapter 985
- AFSA Top Recruiting Auxiliary, Chapter A804
- AFSA Division Website of the Year
- AFSA Division Newsletter of the Year

In addition, we had numerous individuals recognized for their achievements via the following individual awards:

- Veterans Administration Volunteer Service Award - Barbara Veach, Chapter A804

DIVISION 89 ENJOYS A NIGHT ON THE TOWN TOGETHER DURING THE 2012 AFSA PAC

Absolutely superior results from the Division 89 team. Once again, thank you for everything you do.

During the remainder of this year, AFSA will be focusing on the division restructure. Other than a name change, this reorg will have little effect on our division since we merged several years ago. On 1 January, 2013 our division will become Division 3. At that point, we will discontinue all uses of "Division 89" terminology and use "Division 3" on all official correspondence. In addition, the [Division 89](#) website will be archived and restructured with a forwarding message to the new [Division 3 website](#). You can see a sample of the new website design using the link above, but it will not go active with content until 1 January.

In addition, we will have new merchandise with the Division 3 identifier including a new division coin.

As we move forward into next year as Division 3, one of my goals is to increase our Division's award submissions from each chapter. Our folks are out there on a daily basis to spread the work about this organization and I expect all chapter presidents to ensure their best folks are submitted for awards. We need to en-

What is CAPWIZ?

AFSA recently added the CAPWIZ application to its website. CAPWIZ is designed as an easy to use tool for contacting your elected officials but it is more than just that. CAPWIZ is also an excellent research tool so you can find out what is happening on Capitol Hill and most importantly, find out if your elected officials are looking out for your best interests.

How to access CAPWIZ.

CAPWIZ can be accessed through this link:

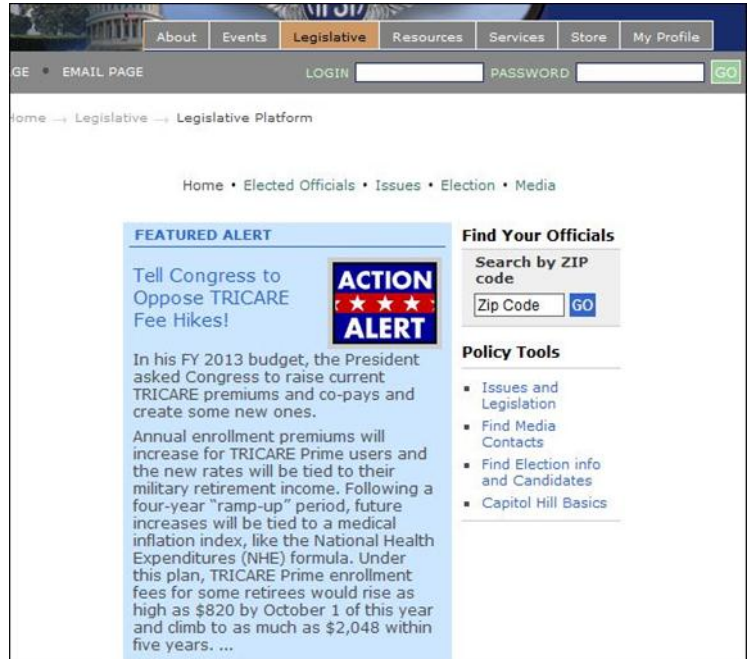

<http://www.capwiz.com/hqafsa/home/>

What can I do on CAPWIZ?

- Send an email to your elected officials about an issue that is important to you
- Research candidates for public office at the state and federal level
- Research federal government agencies
- Research all legislation currently before congress
- Sign up to receive voting records for your elected officials
- Learn basic etiquette for contacting Congress
- Follow political races for each state and the federal government
- Register to Vote
- Contact local media outlets to let inform the public on matters concerning the enlisted Airman

Why is all this important?

If our organization is going to be successful in our lobbying efforts, our membership must be proactive and contact their elected officials. If we do not actively engage our politicians, we run the risk of losing key benefits won during the last 40 years.

How to contact your elected official using CAPWIZ

- Go to the main CAPWIZ Page at: <http://www.capwiz.com/hqafsa/home/>
- Click on the "Issues" link in the main menu
- Click on "Current Legislation"
- Click on one of the bills that you want to contact your elected officials about
- Enter your ZIP Code and press GO, CAPWIZ will load your elected officials
- Edit the letter as you desire or send the preformatted text
- Enter your personal information
- Click on Send Message

In just a few minutes, you have helped AFSA to protect your earned benefits.

sure our folks are recognized for the great work they are accomplishing.

CAPWIZ

As most of you know, AFSA made a substantial investment to help the organization accomplish the legislative mission. I would like all chapters to stress the importance of using this outstanding tool to contact their members of congress. Even though this legislative session is spinning down, we need to stay engaged through the end of they year and be ready to roll on new legislation as it is introduced during the 113th Congress.

You can access this tool on the [HQ AFSA Website](#).

Sergeant's Magazine Opt-Out

Although we mentioned this in the last newsletter, we wanted to remind everyone that you can opt out of receiving multiple copies of the Sergeant's/AFSA magazine. For full details, check out the [AFSA Division 89 website](#).

Thanksgiving Day Membership Challenge

Division 89 is participating in a membership retention challenge along with Divisions 610 and Division 14. This contest will run from 1 October through 11 November. There will be two awards recognizing the top 2 retainers. First place will be a cash award of \$111.11 and second place will be a cash award of \$11.11.

In addition, the top retainer will receive an AFSA President's Coin and all retainers will receive AFSA luggage tags.

Please help with this challenge as retentions are the organizations most critical deficiency. If we don't keep members in the organization, eventually we will cease to exist.

Division Public Affairs Program

As we transition to Division 3, we will be introducing a new communications program within the division. Our goal will be to collect information on what our chapters are doing in real time versus collecting this data when we construct the newsletter. This will allow us to post current information on the division website, push it up to AFSA in a timely manner, and improve newsletter construction.

End of Year Membership Processing

End of year online memberships must be processed by 27 December and mail-in memberships must be processed by 15 December for them to count towards the current year. Memberships processed after those dates will be credited in the next membership year. These dates allow AFSA to properly process all forms prior to the new year holiday.

Upated Form

The Directory of Officers form was changed August 2012. It appears AFSA only wants to know the President, Vice

President, Secretary and Treasurer. This should simplify accountability to HQ AFSA but chapters should still include a full listing of all officers and trustees to fulfill their Private Organization registration to operate on their local base.

AFSA has also produced a new Chapter Checklist. This product should be used by each chapter to ensure adherence to AFSA guidelines.

Chapter Recruiting/Retention Award

Div 89 will be having a drawing for one SIGNED AND NUMBERED John Levitow print at the April 2013 Div PAC in Omaha for chapters that recruit/retain over than 300 members. To be eligible, chapters must recruit/retain over 300 members. We want to see maximum participation from all chapters to try and claim this great limited edition print.

PCI Then and Now Project Update

FYI, the updated data from our Then and Now project is below. I have had chapter presidents and members asking me about the project and what good is it, are we getting anything from it, etc. Please disseminate this weekly data to all your chapter presidents so they know the tremendous good its doing to clean up erroneous or missing info, such as bad address, erroneous email, erroneous home phone, deceased but never reported to us, etc in addition to our fundraising results.

Respectfully

Doc McCauslin, AFSA CEO

AFSA Liability Insurance

AFSA recently sent out the new Liability Insurance form to all chapters. If your chapter needs a copy of this form, please contact Division President Lutzen for a copy.

Vice-President's Report

I am often asked how I run my chapter's retention program. I don't have any "Secrets" other than being consistent and persistent in my retention efforts. My first suggestion for any chapter that is not actively running a retention program is to get familiar with your chapter membership roster.

I am consistently reviewing my chapter's membership roster on a daily basis and either call or email two or three members every day to remind them that their membership is due to renew. While I am reviewing the chapter roster I sort the file to look for new members and contact them to welcome them to the chapter. Our chapter makes sure the member is added to our chapter distribution list to receive chapter updates and important legislative issues. If you can get the member active with the chapter from the time they join odds are they will remain a member for years to come.

Next, I break down my chapter's roster for those members who are four months from expiring and send them an email stating they should have received a renewal form in the mail from HQs and ask them to renew their membership with me instead of mailing the form HQs sent them. As a member's expiration date comes due I'll send another email reminder.

I often come across members who do not have an email address listed on the roster and I will mail a renewal letter and application asking the member to rejoin. Mailing letters can get costly, but it is important in making sure we don't lose these members. I suggest budgeting chapter funds to do this, the ROI may be less than ideal but we cannot afford to lose any member.

Vice-President's Report

Once a member is two months past due the member will drop off the Lapsed listing, I will send one last message thanking them for being a member and remind they are a valued member and ask one more time if they would reconsider.

What I do may not work for another chapter, but my chapter's retention program has been successful in retaining over 100+ members every year for the past 10 years. I have learned from the likes of Bud Kolwitz and Mike Carton in making sure each member knows they are a valued member of AFSA.

Each member is the "Association", and without them everyone's benefits and entitlements could quickly regress. Membership strength plays an important role in the AFSA's lobbying on the Hill. The larger the association is the more access and possible influence AFSA will have.

DYK: Your chapter receives \$1 for each member that renews in your quarterly rebate check? Putting forth a little extra effort not only helps AFSA, but helps your chapter garner some extra money in your chapter checkbook.

Cheers,

Steve Zalesky, Vice President, Div 89

Bipartisan Group of Legislators Working on a Sequestration Avoidance Plan. An article in Government Executive reports, "Lawmakers and aides say a bipartisan group of senators is working on a 'three-step process' for the lame duck session to avoid the automatic sequester cuts set for January, The New York Times reports.

"While the two sides remain far apart, the senators are considering a deficit reduction target of about \$4 trillion over 10 years, to be achieved by raising revenue from an overhaul of the tax code, savings in Medicare and Social Security, and cuts to other federal programs, The Times reported.

"An alternate plan would mirror the recommendations of the Simpson-Bowles debt commission. Lastly, the sequestration cuts could be put off with a 'deficit reduction down payment,' as The Times puts it, meant to show 'how serious Congress is.'

"Lawmakers have a direct incentive to avoid the automatic sequestration cuts, as Roll Call reports: Congress itself has some skin in the game. Some \$101 million would be trimmed from House salaries and expenses next year, and \$32 million would be cut from Senators' personnel and office expenses.

With the blessing of both parties' leadership, Senators Michael Bennet, D-Colo., and Lamar Alexander, R-Tenn., have 'begun talks on legislative language to lock a deficit reduction framework into law,' The Times wrote.

" 'A lot of what happens and when it happens depends on the outcome of the election,' Senator Minority Leader Mitch McConnell of Kentucky told The Times."

Chapter 804

AFSA Chapter 804 members participated in two Veterans Rallies at the Missouri State Capitol to help raise awareness and demand action from the Missouri Legislature to find a permanent funding source for Missouri's seven Veterans Homes and five Veterans Cemeteries.

AFSA Chapter 804 is a member of the Missouri Association of Veterans Organizations (MAVO) who organized these rallies and is very active in working with elected officials in the state legislature to address concerns of the veteran community in Mis-

souri.

As a result of these rallies and relentless pressure from members of MAVO organizations to include AFSA Chapter 804, Governor Jay Nixon signed into law H.B. 1731 which provides \$32 million to sustain the operations, maintenance, and expansion of Missouri's Veterans Homes and Cemeteries.

On June 1, 2102, AFSA Chapter 804 President Harry McLane and his wife Della were

on hand when the Governor put pen to paper at the Warrensburg, MO Veterans Home. This proves once again that AFSA members can work with their military coalition partners both at the state and national level to make a difference in the lives of our members.

AFSA Chapter 804 members had the privilege of supporting the [Long Road Home Project](#) as they rode through Kansas City on their way to our nation's capitol.

The Long Road Home Project is a group of five disabled veterans who are riding their bicycles and hand cycles across America to bring awareness to the challenges faced by returning veterans of America's wars both past and present.

Chapter 804 Vice President Mark Clark served as the POC for their visit to the greater Kansas City area and worked closely with the Kansas City Mayor's office to ensure that these veterans were properly recognized. James; and to the Kansas City Vietnam Memorial where the Long Road Home Project participants received the Presidential Active Lifestyle Award from the Director of the Department of Health and Human Services. After the riders left Kansas City, Vice President Clark helped to lead them to Whiteman AFB, MO where they were provided lodging, meals and a tour of the Mighty B-2 Bomber. Vice President Clark worked directly with base leadership to set this up and to ensure that these veterans were given the opportunity to rest. Thanks to the generosity of AFSA Chapter 804, American Legion Post 21, American Legion Riders Chapter 21, Whiteman Chiefs Group, Whiteman Top 3, Whiteman Tier 2, and the Whiteman First Sergeants Council, \$700 was donated to cover the

expenses of the Long Road Home Project riders during their stay on Whiteman. It was a pleasure to meet these veterans and to help them in some small way as they make their way across America. As always, AFSA led the way in ensuring that these riders were welcomed and honored during their visit to Kansas City.
